Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Provide professional development and coaching to ensure teachers are able to deconstruct Australian Curriculum: Mathematics content and provide targeted and scaffolded instruction to secure highly effective first teaching of essential mathematical concepts and skills in every classroom.
- Employ quality researched teaching and learning strategies which ensure all (100%) students in Years 3 and 5 achieve and or exceed National Minimum Standard in Numeracy and Literacy (Reading) by the end of 2015, or provide support for all students in Prep to Year 5 to ensure students reach or exceed National Minimum Standard in Literacy and Numeracy.
- Provide focused and intensive teaching for students requiring additional support to demonstrate achievement against the year-level achievement standards and National Minimum Standards in NAPLAN Numeracy and Literacy.
- Provide focused and intensive teaching for students with potential to achieve in the Upper 2 Bands in NAPLAN Numeracy.
- Better prepare and support Teacher Aides to consolidate student learning in Numeracy and Literacy.
