1.

Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Employment of an experienced teacher to explicitly teach strategies and concepts to identified small groups of students who were at risk of falling below NMS and also those who had the potential to achieve in the U2B.
- Students were identified from data gathered from a range of sources including past NAPLAN results (if available), PAT testing and A-E reporting.
- Regular pre and post testing was conducted throughout the year to indicate areas of focus and success being experienced.
